

# SANITARY END CAPS

When a single drop of fluid can make the difference in someone's health, you need smart fluid handling solutions that get the job done safely. Manufacturers worldwide rely on connector products that improve yield, cut costs and reduce time to market.

PART NUMBERS:

- ◆ F-EC-0750
- ◆ F-EC-1500

**DESCRIPTION:**

FlowLinX Sanitary End Caps are designed for single-use fluid transfer applications where sanitary processing is critical. They are available in 3/4" and 1-1/2" flange sizes and have a convenient grip tab for easy placement and removal. FlowLinX Sanitary End Caps are available in polypropylene material and are compatible with other TC flanges made to ASME-BPE specifications.

FLOWLINX SANITARY END CAPS
